Documento de informação fundamental

ETF - Exchange Traded Funds

Exchange Traded Funds ("ETF") são fundos mútuos abertos, que na maioria dos casos replicam um índice de ações ou obrigações e são rotulados como fundos ETF, o que significa que podem ser colocados livremente no mercado da UE.

De acordo com os regulamentos da União Europeia, os Emissores de ETF terão que emitir um Documento de Informação Fundamental para o investidor ("DIF") para todos os fundos ETF. O DIF fornece informações resumidas sobre o ETF, a fim de ajudar os investidores a decidir sobre o investimento no ETF. A diretiva exige que os DIF sejam disponibilizados aos investidores do ETF relevante antes do investimento. Abaixo, está a lista de fornecedores de ETF relacionados com os ETF que estão disponíveis na XTB, juntamente com links para os sítios da internet, a fim de ajudar os investidores a obter o DIF apropriado. XTB não é um emissor de ETF e, portanto, não cria o DIF para estes produtos

Os investidores devem ter em consideração que os ETF não são cobertos por nenhuma proteção ou garantia de capital e, portanto, os investidores não devem investir neste tipo de produtos, a menos que estejam preparados para incorrer em perdas que possam ir até o montante total do capital investido. O valor dos fundos ETF tanto pode subir como descer, e os resultados passados não são indicativos de resultados futuros. Os investimentos em ETF envolvem risco. Para estar melhor informado sobre os riscos relacionados, familiarize-se com as informações relevantes sobre o risco no DIF de cada emissor e outros documentos de informação.

Na tabela a seguir, encontram-se os links para os sítios da internet dos emissores de ETF, onde são publicadas as informações necessárias sobre os investimentos em ETF.

No.	Nome do símbolo	Descrição	Sítio da internet
1.	AASI.FR	Amundi Msci EM Asia UCITS ETF (Acc EUR)	KID
